

Main Line Radiator Covers

Self-Measuring Guide

Length

Measure full length of radiator, and include any valving or pipes at either ends to be covered. **ADD 2"** to the final measurement.

Depth & Height

Measure full depth of radiator from the wall, include any trim or baseboard (if present), and **ADD 1"** to final measurement. Measure **BOTH** sides and only provide **LARGER** dimension.

Measure floor to top of radiator, and **ADD 1"** to final height.
